Dear David:

03 - 592

RE: Tariff Number 2003-592

Enclosed are an original and three copies of the following tariff page.

Citizens Telecommunications Company of the Volunteer State
T.R.A. No. 2

Section 2 Third Revised Page 1

On June 11, 2003, Frontier filed tariffs to add clarifying language in the tariff for County-Wide Calling and for the exchange of local traffic between Frontier and other TSP (Telephone Service Providers). The filing was suspended by the TRA. After further review of this issue with TRA Staff we are submitting revised language.

An additional copy of this letter is also enclosed. Please date stamp and return it in the enclosed stamped, self-addressed envelope.

If you have any questions relative to this filing, please call John Martin at (304) 325-1526 or myself at (304) 325-1216.

Sincerely,

J. Michael Swatts
State Government Affairs Director

Enclosure

C: Timothy Phillips, Esq.

2. OBLIGATIONS AND LIABILITY OF TELEPHONE COMPANY

2.1 Availability of Facilities

The Telephone Company's obligation to furnish exchange and toll service is dependent upon its ability to secure and retain, without unreasonable expense, suitable facilities and rights for the construction and maintenance of the necessary pole lines, circuits and equipment.

The services offered in this tariff enable communication between a customer of Frontier and another customer of Frontier, a customer of another ILEC or a customer of another TSP (Telecommunication Service Provider) provided the TSP has properly executed an interconnection agreement or other appropriate traffic interchange agreement with Frontier. Frontier will not originate calls to a TSPs NXX that is within the local calling scope of the calling party until an interconnection agreement or traffic interchange agreement with Frontier has been fully executed and proper facilities are in place.

The rates specified herein also entitle customer to an unlimited number of messages to all stations located within the geographic boundaries of the county in which the customer resides. Toll-free countywide calling is not applicable for sent paid coin, pager numbers, cellular numbers, remote call forwarding numbers, foreign exchange numbers, WATS, 800, 900/976, and 700 types of calls.

To the extent that an originating or terminating exchange is split between two or more counties, only those stations located within the same county may be called without incurring toll charges. Many exchanges can be called to some degree on a toll-free intracounty basis, but not completely on a toll-free basis, i.e., the exchange is split between counties.

County-wide calls originated by a Frontier customer which are carried by an IXC (Interexchange Carrier) via 1+ dialing and terminate to a customer of another Local Exchange Company (LEC) or a Competitive Local Exchange Carrier (CLEC) that is not participating in County-wide Calling (code not available in the TAR code database) will be rated and billed at the applicable toll charge. Any Frontier customer who is billed for an intra-county call of this type who notifies Frontier of the billing error will receive credit for the associated toll charges if Frontier is the billing agent for the IXC involved. At the time credit is issued Frontier will notify the TRA of the billing violation caused by non-compliance of the terminating LEC or CLEC so the TRA can take proper corrective action.
